# Internationalization

1 achievement

## Connect the parts of your system

The work collected under “Internationalization” shows one part of a working system. We can help connect that part to the rest of your operation. A site that is quick, findable and editable by your own staff, without a bill for every change of wording.

## Find a comparable challenge

Follow an example that resembles your situation. Its review describes the decisions behind the result, beyond the technology label. Administered 40 websites on Apache and Nginx — 40 websites kept available on Linux hosting

## Mirrored the site to Gemini and Gopher

Built Gemini and Gopher outputs from the same website source; the achievement records 777 documents in each format at that stage, with zero HTML bytes changed by adding the formats.

## Focus the engineering effort

Describe the workflow, the existing interfaces and the users who need the change. We can define a testable delivery and a handover that lets your team maintain it.
